

Application for Registration

Version 5 as updated
23 June 2009

Only a legal person may apply for registration. A 'legal person' for this purpose could be an individual, a company or an incorporated association. Certain types of government entities may also be legal persons.

A person must be registered with the Office of the Renewable Energy Regulator (ORER) in order to create Renewable Energy Certificates (RECs). You must have an active account on the REC Registry before the registration can be completed. An account for the REC Registry can be created at www.rec-registry.gov.au

When creating a REC Registry Account for a company or incorporated association, the Account Name should match the company name as listed on the Australian Securities & Investments Commission Register (www.asic.gov.au). You must provide your company's ACN or, if applying as an incorporated association, the relevant state registration number.

The ORER will notify you when your Application for Registration has been approved. After your application has been approved, a \$20 fee is payable to complete the registration process. Please **DO NOT** send any payment to the ORER with this application form – payment of REC Registry fees is made via your account in the REC Registry. The application fee is GST exempt.

Send your completed and signed Application for Registration form to ORER, GPO Box 621, Canberra ACT 2601, or, by fax to 02 6159 7780, or, by email to orer@orer.gov.au.
